More Than Skin Deep: Common Dermatological Conditions & Compounded Options

Friday, September 30, 2022 | 4:30 pm PT

Common dermatological conditions are more than skin deep. Designed for practitioners, this **free, live webinar** will explore:

- Common and/or autoimmune skin conditions, such as psoriasis, rosacea, eczema, acne and more
- Compounded options and emerging trends
- Anti-aging options that promote healthy skin

A live Q&A with the speaker is included.

ATTENDEES WILL RECEIVE A
ONE-TIME USE **50% DISCOUNT**
CODE FOR COMPOUNDED
PREPARATIONS TO USE AT THE
PHARMACY FOR DOCTORS,
FAMILY MEMBERS OR FRIENDS!

FEATURED PRESENTER

Nat Jones, RPh, FAPC

PCCA Clinical Compounding Pharmacist

Nat graduated from the Virginia Commonwealth University, Medical College of Virginia's School of Pharmacy in 1979. In 2014, after 20 years of owning a compounding pharmacy in Virginia, he joined PCCA's Clinical Services team in Houston Texas. He is an international speaker, who for decades has given CE lectures at medical professional seminars and webinars on numerous topics, including: general compounding, wound care, pain management, nutrition, otolaryngology, women's health, sexual dysfunction, insulin resistance, hormone replacement therapy for men and women, neurotransmitter imbalance and dermatology. In 2010, Nat was awarded a full fellowship in the Alliance for Pharmacy Compounding. He has published many articles in lay magazines along with articles and case studies in professional journals.
